

Certification Course on Basic Implantology

3 Days Training Program

16th - 18th JUNE 2026

Global Surgical Institute

Rudraksh Trident, 42 / 1, 22nd Cross, 3rd Floor,
3rd Block Jayanagar, Bangalore - 560011

Program Overview

This intensive 3-day training program in basic implantology is designed to equip dental professionals with essential knowledge, clinical understanding, and hands-on skills required to begin implant practice with confidence. The course blends foundational theory with practical training and simulation-based learning.

Learning Outcomes

By the end of the program, participants will be able to:

- Plan implant cases using CBCT imaging
- Select suitable implant cases
- Understand standard surgical protocols
- Perform basic implant placement steps (simulation)
- Initiate implant practice with confidence
